

# HRSA CHILD CARE SUBSIDY PROGRAM BENEFITS

The Health Resources and Services Administration Program provides financial assistance to ease the burden of child care expenses for eligible HRSA employees in accordance with Public Law 107-67, Sec. 630.

## Eligibility Requirements

- Be a permanent full- or part-time HRSA civilian employee with a total household income of \$200,000 or less, based on most recent IRS Form 1040.
- Have a child under 13 or a child under 18 with a disability attending licensed family home or center-based child care, including before- and after-school care and daytime summer programs. Child care providers must be licensed and/or regulated by state or local authorities. Eligible children include a biological child, an adopted child, a stepchild, or a foster child who lives with you, or a child for whom a judicial or legal determination of support has been obtained, and to whose support you make regular and substantial contributions.
- Subsidy benefits may be affected if an employee or their spouse is receiving other federal, state, or local childcare subsidies.
- Spouse must be working full-time or enrolled in school full-time.

## How does the program work?

- After being approved and enrolled in the program, parents and providers sign an invoice and return on or after the last Friday of the service month. Subsidies are then paid directly to the childcare provider. As this is a reimbursement program, subsidies are paid in arrears (after care has been provided for the month).
- Parents complete a recertification process each year to ensure continued eligibility.
- Participation in the program is available on a first-come, first-served basis, subject to the availability of funds.
- Maximum allowed benefit per family per calendar year is \$5,000.

Total Household Income	Subsidy Amount Per Family
\$200,000 or less	\$416/month
Over \$200,000	\$0

## How can I apply?
